

Excellence in Delivery

Atkins is committed to providing excellent standards of service to our customers. We aspire to lead industry best practice in all of our operations.

We achieve the requirements of our corporate policy through development of management systems which comply with defined requirements and are appropriate to our needs. We are committed to ensuring that defined requirements and the aspirations of our corporate policy are achieved.

We pursue this commitment by:

- setting quality objectives and targets;
- providing adequate resources, training and the appointment of competent professionals;
- the implementation of procedures and other business controls as necessary to ensure client requirements are achieved;
- ensuring the suitability and effectiveness of our suppliers and partners in delivering the requirements of this policy;
- reviewing planned arrangements and our performance against stated objectives;
- continually improving the effectiveness of the management system and in turn, the quality of services we provide to our clients.

Management systems are maintained to meet and exceed the requirements of International Standard ISO 9001:2008 (Quality Management Systems) and other sector-specific equivalents, as appropriate.

We look to our employees' support and professionalism in making this policy truly effective on behalf of Atkins China.
